

**Monday** No School

---

**Tuesday**

If you want to review your test, call me back. I'd rather not do this in class. Overall Nice job folks. If you do not like your grade, get some practice and retest. If you have not finished, I am calling you back Tuesday, Thursday and Friday. You should plan on staying for After School Help on Wednesday

In class

Learning Target: *I can draw a graph to represent a story*

We will complete this Challenge <[link](#)>

HW

Finishing the Unit test if you are not done. Everyone else: Read

---

**Wednesday**

In Class

STAD (Student teams-achievement division) explained

Learning Target: *I can determine if a relationship is a function and describe its domain and range*

HO for Notebook and a function auction

HW

None if you are done with the test from last week.

---

**Thursday**

In class

More practice with yesterday's learning target.

Graded work: Canvas>Unit 2>Domain and range: Fall 2019. This is due by class-time tomorrow. You can complete it after that deadline, but I'll mark it as missing until you complete it.

HW

The Canvas assignment

Last week's test if you have not finished

---

## Friday

In class

Learning Target: *I can determine if a function is linear.*

Notebook work and practice

For more practice, we will work on this <[link](#)>

HW

Anything you have not finished

PS 4 due Thursday 10/24
